

Oakhill Day School
Community
Partnership Program

Oakhill Day School is an independent educational institution offering an individualized, child-centered education to children ages two through eighth grade. Established in 1947, Oakhill is known for its innovative, relevant and integrated curriculum that challenges students to discover their unique gifts and provides numerous opportunities for personal growth and development.

As an independent educational institution, Oakhill receives no government support and does not have an endowment. In fact, 91% of our revenue is generated from tuition and fees. The remaining 9% is dependent on the generous support of the community in which we reside and serve.

We would like to invite you to join us in ensuring highly qualified, knowledgeable and global-thinking young adults are developed and prepared to join our community's workforce and leadership by becoming an Oakhill Day School Community Partner.

A child's first experiences in school establish patterns for learning that will continue throughout life. You can help play a pivotal role in ensuring these experiences are great ones for the children of Gladstone and the surrounding areas. Please consider investing in the future of our community by becoming a Community Partner of Oakhill Day School. (See enclosed materials for level benefit details.)
