

2020-2021 Kids' Club Information

Kids' Club

2020-2021 School Year

The health and safety of our community is our number one priority. In light of the Covid-19 events, we want everyone to know the health and safety precautions we are taking so you can make an informed decision about sending your child to Kids' Club before and or after school. We are focused on taking preventative measures to minimize any risk during your child's time with us this year. We have taken many steps, including enhanced cleaning procedures, wiping down frequently touched surfaces, opening more classrooms to keep our students in small controlled families, etc. Also, if a student or staff develops symptoms of illness while in our care, we will respond to, and isolate them until they can be sent home. As this situation continues to change from day to day, we will adapt to new procedures and protocols as advised by the CDC and local health departments. Our new systems will continue to be updated and changed throughout the year to keep your child safe. Please understand that coming to Kids' Club this year is entirely up to you, we would love for everyone to join us, but ultimately the decision is yours.
